

The STRATEGO project

Alessandro Provaggi

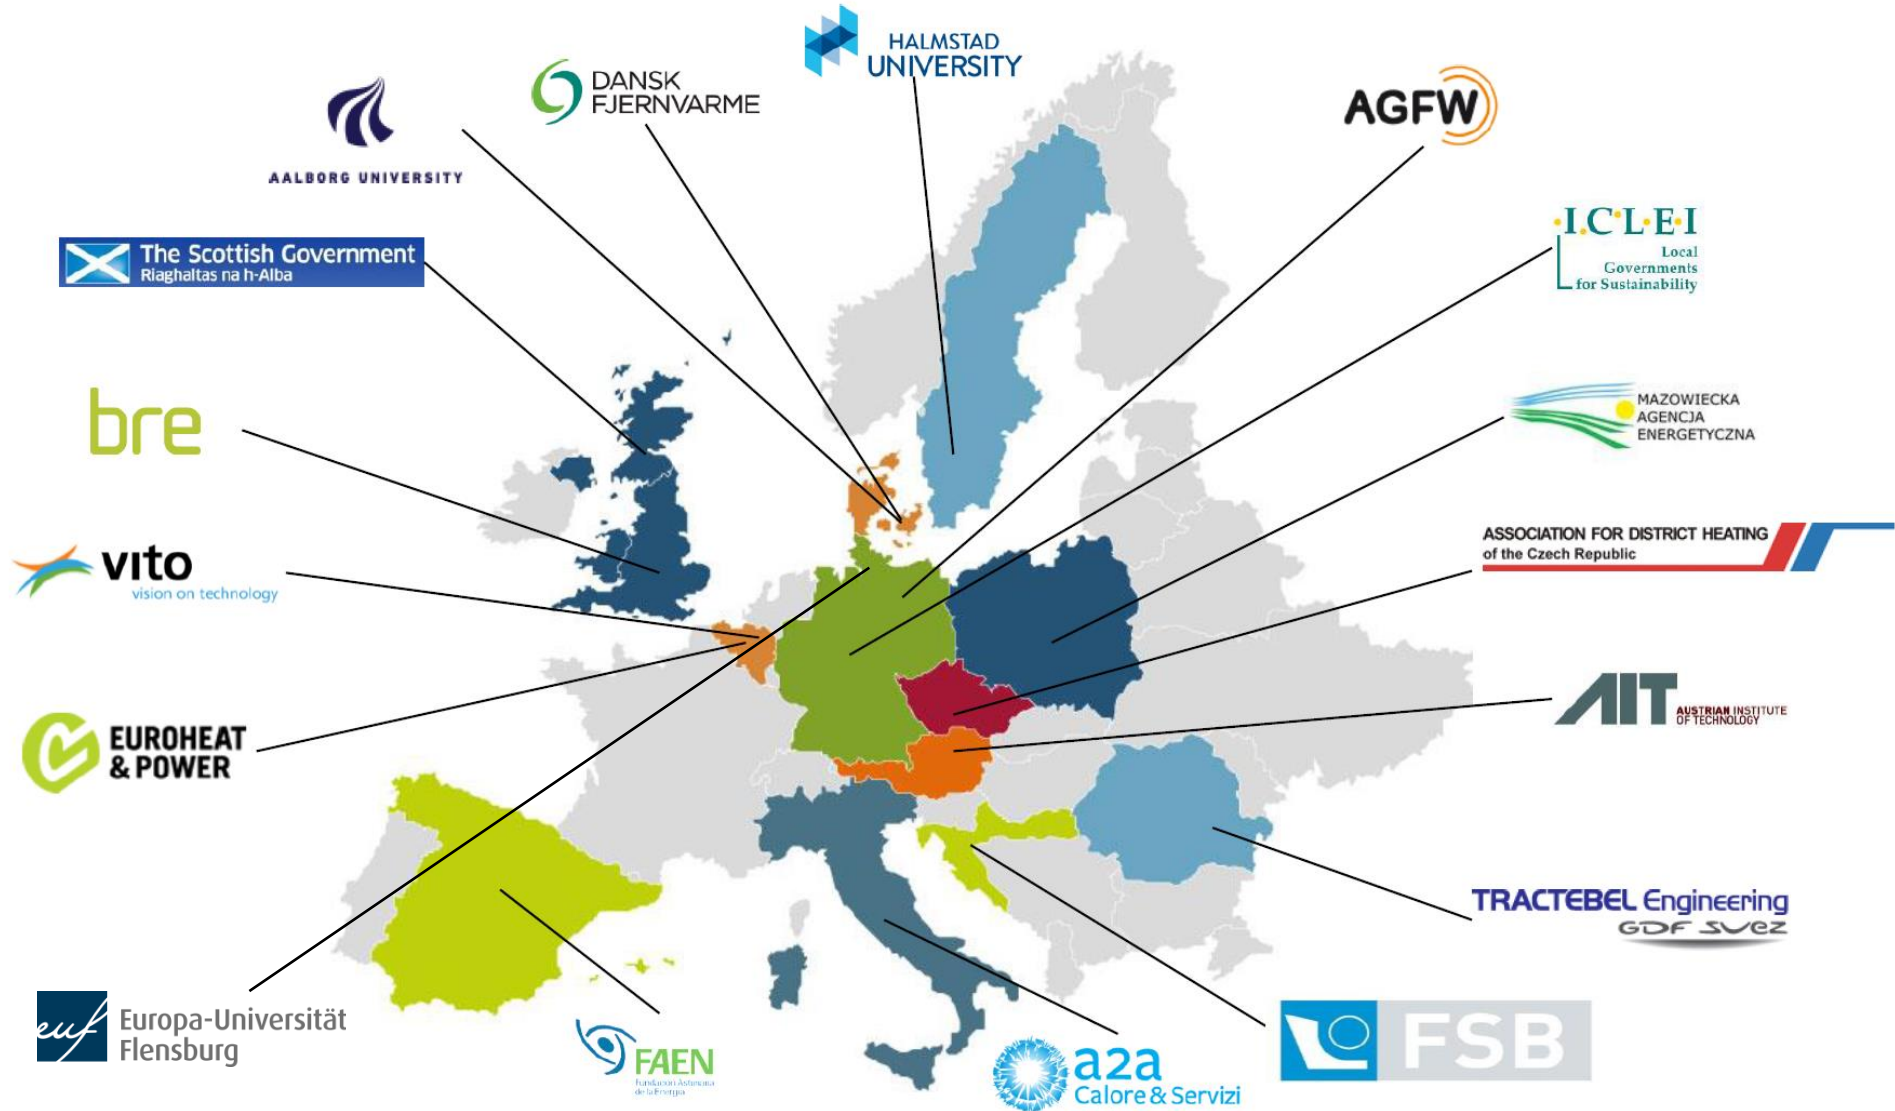

Head of the DHC+ Technology Platform
Euroheat & Power

Stratego final event
Introduction

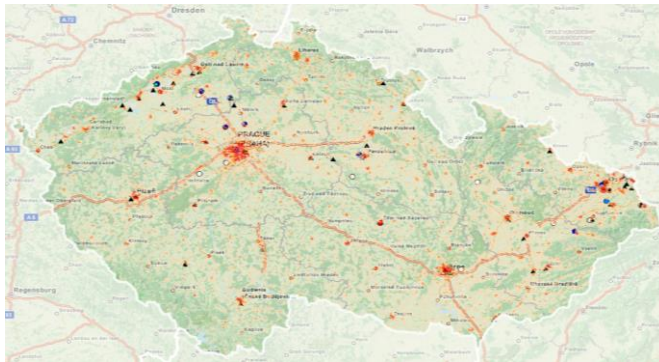

If everyone has to think outside the box,
maybe it is the box that needs fixing
“Malcolm Gladwell”

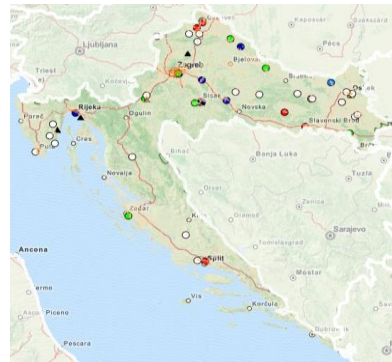

Some key achievements

- ◆ The first ever quantification of the **heating and cooling demand**
- ◆ The first ever quantification of the **excess heat volumes**
- ◆ The first ever quantification of **renewable resources available for district heating networks** in Europe
- ◆ The first ever **comparison between the cost of heat savings and sustainable heat supply**

◆ The first ever **pan-European thermal atlas** + data on possible **waste heat facilities** and analysis of **prospective DH system areas** for five countries

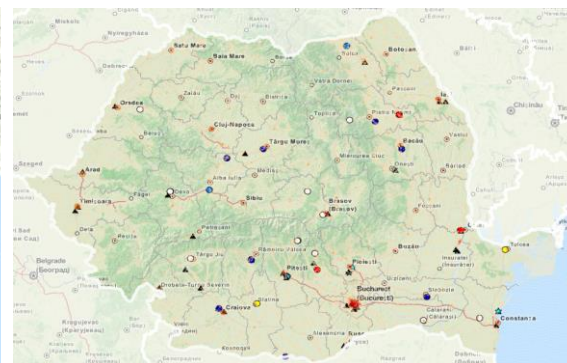

Czech Republic

Croatia

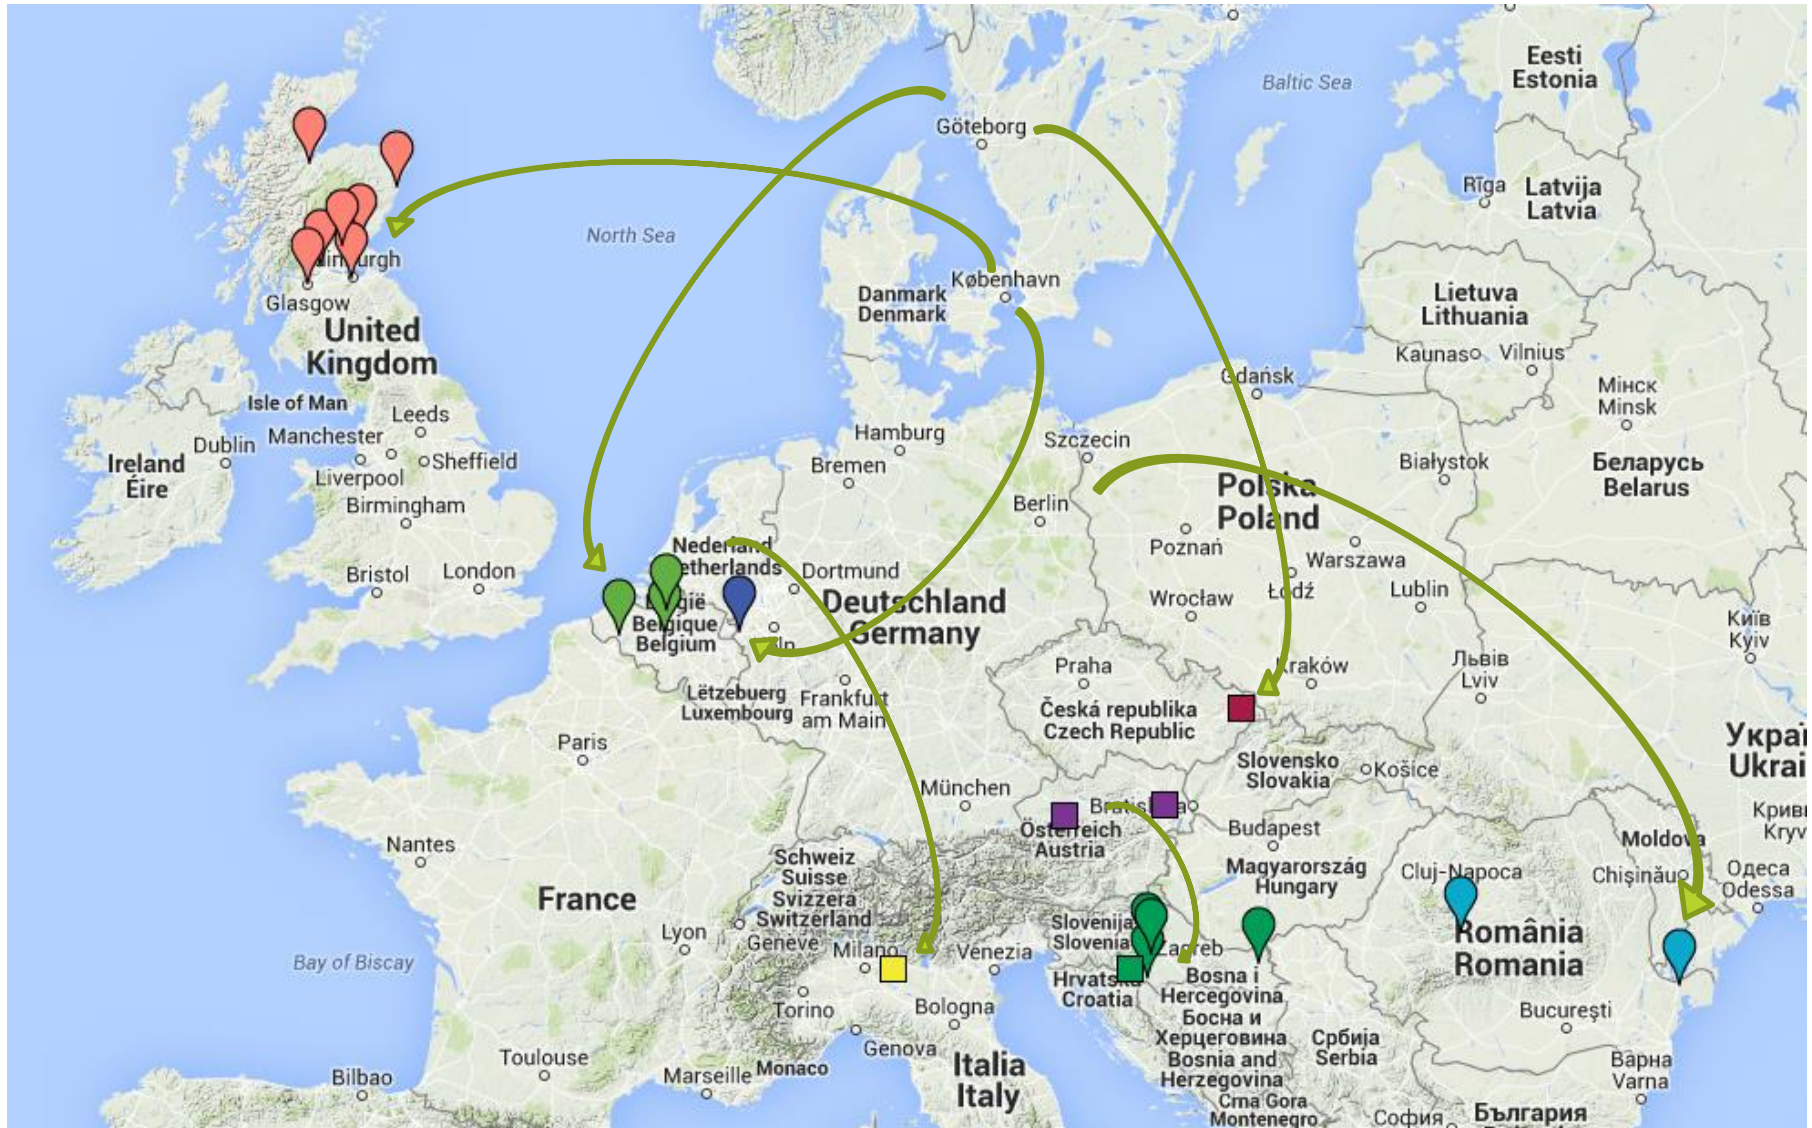

Italy

Romania

United Kingdom

STRATEGO results

29 cities

44 projects

18 coaching sessions

21 meetings nat. authorities

Brussels, 16.2.2016
SWD(2016) 24 final

PART 1/2

COMMISSION STAFF WORKING DOCUMENT

Review of available information

Accompanying the document

**Communication from the Commission to the European Parliament, the Council, the
European Economic and Social Committee and the Committee of the Regions on an
EU Strategy for Heating and Cooling**

{COM(2016) 51 final}
